Enrich GL Report Writer Mastery: Turning Ledger Data into Clear, Confident Financial Reports

Course Purpose

Enable Finance, Accounting, and Operations teams to confidently build, customize, and manage GL reports inside Enrich, ensuring accuracy, consistency, and compliance. Equip learners with practical skills to interpret GL structures, configure row/column logic, apply account filters, and publish high-quality statements.

Why You Should Attend

GL Report Writer is the backbone of financial visibility. Build confidence in reporting, reduce reconciliation time, and drive business clarity.

What You'll Gain

Confident GL Writer Skills

Hands-On Practice
